**A Christian Service Recognition Award
For Secondary Students**

PURPOSE

The Seventh-day Adventist church and school believe that teaching young people to be actively involved in witnessing and service activities is central to the educational goals of the school and to the mission of the church. For this reason, the secondary student "Caring Heart Award" for Christian service has been established to give recognition to those secondary students who have demonstrated a personal commitment to active participatory service and witnessing activities and programs.

Through the "Caring Heart Award" for Christian service, the importance of witnessing and service activities will be emphasized and given appropriate recognition along with academic, athletic, music, and other school awards and honors. It is the purpose of this award to not only give appropriate recognition, but to foster increased awareness and participation in witnessing-service activities by all students.

The NAD and union conference Offices of Education have arranged for funding of the "Caring Heart Award" to recognize outstanding student achievement in the area of Christian service.

PROCEDURES FOR SELECTING AWARD WINNERS

Potential recipients of the "Caring Heart Award" for Christian service will be identified and nominated by staff members, pastor/campus chaplain, student leaders, or the school witnessing-outreach coordinator. The final screening and selection of the award recipient will be by a selection committee at each senior academy in the North American Division comprised of the principal, Bible teacher(s), witnessing-outreach coordinator, guidance counselor or dean, and one or two student representatives.

In selecting the award recipient, the selection committee should choose:

- (1) a full-time junior or senior student with,
- (2) a strong citizenship record,
- (3) who has given evidence of a personal commitment to witnessing-service activities by exhibiting initiative and responsibility for carrying through on such activities.
- (4) The student, through participation in witnessing-service activities, should serve

The North American Division Office of Education will provide one "**Caring Heart Award**" to each NAD-accredited senior academy that has selected an eligible candidate. The student award will consist of a special scholarship award certificate with a value of \$500 accompanied by a plaque and engraved Bible. The scholarship award may be used by the student award recipient for either (1) funding a mission trip experience (inside or outside the country), or (2) as tuition assistance at the Adventist school of their choice.

The organization leading the mission trip or school accepting the scholarship award certificate will sign it in the appropriate place and send it to the union conference Office of Education in which the academy is located for a reimbursement check.

It is requested that the school present the "Caring Heart Award" for Christian service at the same time as all other scholarships and awards are presented during graduation weekend at the school.
